# Boardroom Cursor

The Corporate Secretarial application that empowers you with easy-to-use automated document templates to perform your corporate secretarial work. Its informative interface provides you with a comprehensive overview of all activities.

Dynamic Document Templates

You can quickly create customisable templates for different types of secretarial work using the Dynamic Document Template Tool.

Communicator Tools

The Communicator Tool allows you to customise different email content to be sent together with all the relevant generated documents.
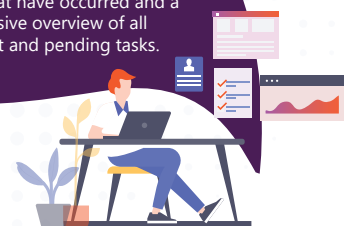

Minutes and registers

Statutory Virtual File maintains a comprehensive set of registers which include registerable controllers, beneficial owners and nominees and records of all signed minutes and resolutions for easy access and retrieval.
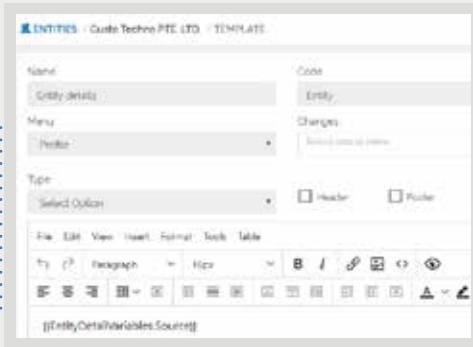

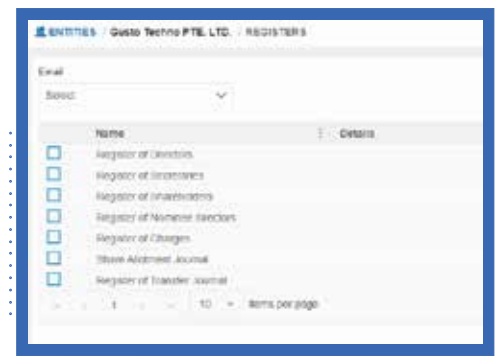

Visual Dashboard

The Visual Dashboard enables you to have a quick run through on the timeline of all the corporate activities that have occurred and a comprehensive overview of all your current and pending tasks.
